

# Huawei online TTT and student training during lockdown.

## Huawei Online Training Solution

Huawei has come up with an online training solution that will enable Instructors and students to keep learning about Huawei courses and also get certified during this period of the COVID-19 outbreak

## Online Train The Trainer (TTT) Program

- Main Courses offered at HCIA : Datacom, AI, Storage etc.
- e- Lab accounts created for lab practice
- Training is conducted by HALP( Torque IT/MIE) or HQ instructors
- Free exam vouchers provide ( Written, Lab ,Lecture )

## Student Home Study Program : Online Training

- Instructors will be able to offer online training to students using Huawei weLink platform
- Students have an option to attend Live training or self Study

## Incentives

### ● For Students :

- **R500.00 Cash Data package** after student has attended the live online training session.
- Free Exam Voucher ( student must obtain at least 80/100 in mock exam)
- **R500** after passing the exam

### ● For Lectures :

- **R10000** for the first class of a newly certified instructor or **R10000** for the first class of a new course.
- **R5000** for 2<sup>nd</sup> time opening a class.
- **R1000** per student that passes the certification exam and **R5000** for a class with a pass rate of over 60%
